**TCE 578 - Grief and Loss Counseling**  
(CRN: 73534 [PCC] or 73531 [Medford] / 1 credit)  
Offered: Sat, Aug 9 (0800 - 1750) at PCC-Sylvania Campus  
Offered: Sat, Aug 16 (0800 - 1750) at Medford Central Library  
Instructor: Teri Strong  
The practice of grief and loss counseling is based on an in-depth understanding of the process of grieving and its manifestations while utilizing skills in assessment and intervention. Childhood, adolescence, adulthood, and old age, as distant stages, require different approaches to assessment and treatment of grief reactions. Cultural differences have a major impact on the process and the outcome of work; these differences will be explored so that students may work with bereaved clients from different backgrounds in a wide range of settings. Exploration of the counselor’s own responses and reactions to grief work will be examined by the students in depth.

**TCE 599 - ST/School Counselors and Academic Achievement**  
(CRN: 73585 / 3 credits)  
Offered: Wed-Fri, Aug 13-15 (0800 - 1750) at PCC-Sylvania Campus  
Instructor: Gene Eakin  
Designed to provide school counselors with models and strategies for fulfilling the following roles in the implementation of the Academic Development Domain of the ASCA National Model: 1) individual and group counseling for academic achievement, and 2) parent/teacher system consultation and training regarding academic issues. Emphasis will be on the application of the Transtheoretical Model of Change and Motivational Interviewing to these three roles. Participants will be able to implement research-based educational practices; demonstrate ability to consult with parents, teachers, and administrators; demonstrate cultural competence in addressing academic achievement issues; and, demonstrate and understanding of ethical issues applicable to the academic domain of school counseling.
