Welcome to Summer Session 2019

Quick Reference Guide

What is Summer Session?
Summer Session is a collection of six ‘sessions’ that comprise the summer academic term.

What is a Session?
A session is a program that does not necessarily span the entire length of a term. This allows for flexibility in curriculum offerings and scheduling. In addition to a full length term, 3, 4, and 8 week sessions are offered.

What Classes are Available?
The Schedule of Classes shows all courses open for registration, including accelerated, sequential, and unique offerings only available during Summer Session.

What is Different This Year?
Summer Session is being administered by the Office of the Registrar, however, course offerings and programs have not changed.

Registration
Registration is open to all students at 12:01 AM on April 14; there is no priority registration.

Students will need to pay attention to the applicable deadlines for the specific session they are registering for, as each session has its own unique drop, add and withdrawal deadlines.

Tuition & Financial Aid
Aid requires a 2019-20 FAFSA application.

In-state tuition is extended to all students, with the exception of INTO and degree seeking students in specialized programs.

Students must enroll at least half-time to be eligible for most financial aid: Undergraduate: 6-8 credits (half) | 12 credits (full)
Graduate: 5-8 credits (half) | 9 (full)

If a student drops, withdraws from, or does not complete a current session, they are considered withdrawn from the term. The student may be emailed a summer survey verifying intent to participate in future sessions, which could affect aid.

Housing & Dining
UHDS provides convenient living and dining accommodations on campus during the summer.

Students can live on campus for shorter duration sessions or the whole term, but must apply for housing. More information and applications are available on the UHDS website: https://uhds.oregonstate.edu/housing/summer-housing
